LIVE CLASSES

Are these classes in real time? Do I follow along with you, or just watch and learn?

- » Just like you would do if you were attending an in person cooking class, our goal is to provide you with step by step instructions in real time for you to follow along with and create with us.
- » While our creations bake, we will take questions and talk over some fun facts!
- » Having said that, you are welcome to just watch and learn and then bake later, as the class will be recorded for you to rewatch as many times as you'd like!

How do I know what ingredients I will need?

- » We will provide you with a breakdown of what is needed before the class so that you can have the ingredients prepared and ready to go!

- » We will be selling dry ingredients and pantry essentials in our online store (<https://murphys-farm-market.myshopify.com/>) should you need to stock up on anything! Orders are available next day for pick up on the front porch of the market. Pick up times are 10:30am to 5pm Tuesday - Saturday.

What if I am not available during the live class time?

- » Every class will be recorded so that you can access it at a later time or date.

What if I missed something and want to watch it back?

- » Every class will be recorded so that you can access it at a later time or date.

What if I have a question during the live class?

- » If you open the chat window on your Zoom call, you can type your question into the chat. Our moderator will then pass the question along to our instructor who will be able to answer the question for you!
